We love hearing about the impact of your work! We are especially interested in personal narratives that help us better understand what it looks and feels like when you experience success. For this reason, we ask that you please include in your report a personal narrative from the grant period that can help us better understand the difference you are making for the individuals you serve.

Narrative *(please limit to no more than 2 pages)*:

1. In bulleted form, please provide a brief overview of your organization's key accomplishments during this reporting period.

2. Please provide examples of impact you have had (at the personal, community or policy level) during this period in the areas of racial justice, economic empowerment and/or reproductive rights. If it is helpful, you may include links to a short video, news story, blog or photo that further details the impact you describe.

3. Are there any new programs or strategic shifts you are planning for 2021 and beyond about which we should be aware?

4. Have there been any significant changes in your leadership or key personnel? If so, please describe.

Financial: Please include *(in addition to the narrative)*:

- If your grant was for a specific project, please also include a project budget detailing how the grant was expended.
- If your grant was for operating expenses, please include reviewed or audited financials of most recent year available.
